CEMETERY & ROAD DEPARTMENT
Mr. Montgomery reported that the water system has been shut down at Wesley Chapel due to a water leak in the water lines that appears to be under the parking lot. He has tried to locate the leak but has been unsuccessful. He is working to obtain a quote to get the leak identified and repaired. Mr. Buck reminded Mr. Montgomery to take pictures of the completed work so that we know where the lines are running. He recommended that the Board go visit McVey Boulevard to see a sample of the micro seal work completed last year by Strawser Construction. Mr. Buck asked Mr. Montgomery to stay on top of getting the road projects submitted out. Mr. Montgomery stated that the quote he e-mailed included full depth repairs from the County. The Strawser Construction quote is for cape seal only. Mr. Montgomery expects to move forward with the road project approvals at the next meeting.

FISCAL OFFICE
Mrs. Miles reported that NOVAtime training for supervisors is underway and the training has generated a lot of good discussions for using the new time and attendance system. Mrs. Miles reviewed Treasurer Mandel’s invitation to partner with his office to place our spending information on OhioCheckbook.com. Mrs. Miles reported that a representative from Mandel’s office confirmed that they hoped to have a tutorial ready by June and then have participants begin training in June or July. There are not a lot of parameters established for entering the information. Mrs. Miles thinks it is a good source of information but would like to see the program to be up and running and have the kinks worked out before committing to the program. Mrs. Miles reported that the House Finance Committee added an omnibus amendment that holds school districts harmless from the phase out of the TPP reimbursements as it relates to Substitute House Bill 64. Unfortunately Townships were on the wrong end of the legislation again and they have not been included in the omnibus. The cost to the state to hold schools harmless is approximately $100 million whereas the cost to hold Townships harmless is roughly $27 million.

TOWNSHIP ADMINISTRATION
Ms. Cavanaugh reported that interview process has been exhausting but also very rewarding.

TRUSTEE-OLD BUSINESS
Mr. Buck reported that there was a recent newspaper article on Circleville and Pickaway County creating a joint communication center. Mr. Buck recommends everyone go slow and make sure they have all their questions answered before they enter into an agreement.

TRUSTEE-NEW BUSINESS - None

Motion by Mr. Buck, seconded by Mr. Roberts to adjourn the meeting at 6:20 PM.
Vote: Buck-Yes Earman-Absent Roberts-Yes
